Sir,

Free allowance of water to charitable and other concerns run by the Asaktha Poshaka Sabha, Bangalore

---

In forwarding herewith a copy of letter No 627 dated 23-12-1942, received from the Executive Engineer, Water Supply Division, I have the honour to state that in the circumstances reported - that the orphonage is maintained out of the donations from philanthropic people - it is fair to class the orphonage portion of the above Sabha as a "free hostel" and bring it under Rule 82 as revised in Notification No L 8034-M1 86-40-10 dated 10-5-1941, I request you to be so good as to obtain the sanction of Government to the proposal with retrospective effect as bills dated so far back as 1-1-1940 have to be settled

Free allowance of water to the charitable and other concerns run by the Asaktha Poshaka Sabha

---

I have the honour to state that the above sabha is doing a most laudable public work of a unique kind in India getting subscriptions from philanthropists and running the institutions without receiving payments from the boarders It has in its main building a house for the disabled and the sick and in its branch building a Hostel for poor orphans who are reading in the local schools This Hostel section has no consideration for caste or creed and the authorities are looking after the student orphans in one common mess, and are teaching them common religious precepts also in a single Union

The water services to these two concerns are given with two separate meters For the main building the Government have already granted in their G O No L 8478-80/M1 86-40-12 dated 23rd May 1941 a free allowance of 15,000 gallons per month and the excess over this to be paid at 8 annas per 1,000 gallons

The Hostel section called the orphanage is served by another meter But so far, this is not treated as a Hostel but as a private dwelling house for purposes of free allowance It is at present getting therefo a free allowance of only 6,250 gallons per mo th and all excess water above that is being charged at Re 1/- per 1,000 gallons I have visited this institution and seen all the 29 orphan students in person I am quite convinced that this section should be regarded only as a Hostel similar to Ramakrishna Students Home and others in the City There were 29 boarders on the day of my visit and the Asaktha Poshaka Sabha is sure to add on this list by the grants from the philanthropists and to keep many more poor orphans It would therefore be only too fair to class this as a free Hostel and to apply Rule No 82 of G O No L 2153-M1 105-34-9 of 26th August 1939 to this metered service

I therefore pray that you may kindly be pleased to order as above with restrospective effect as bills dating as far back as 1-1-1940 have to be decided in this light
